

MINIMED™ MOBILE APP | QUICK REFERENCE GUIDE

GETTING STARTED

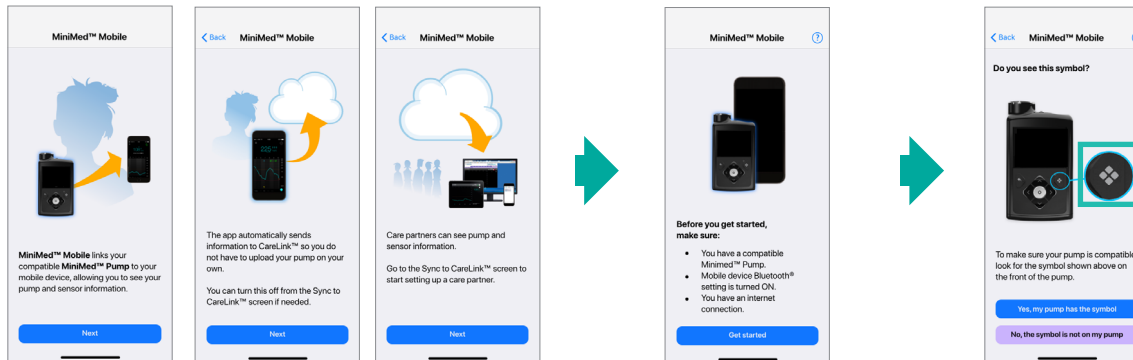

1 Get started

Check your local Medtronic website to make sure your mobile device is compatible with the MiniMed™ Mobile app.

 Download and install the MiniMed™ Mobile app from the Google Play™ or Apple App Store®.

WiFi or mobile data connection is needed for set-up.

2 Begin setup

View information screens about the app.

NOTE: Care partners can use the CareLink™ Connect app.

Be sure all three statements are true.

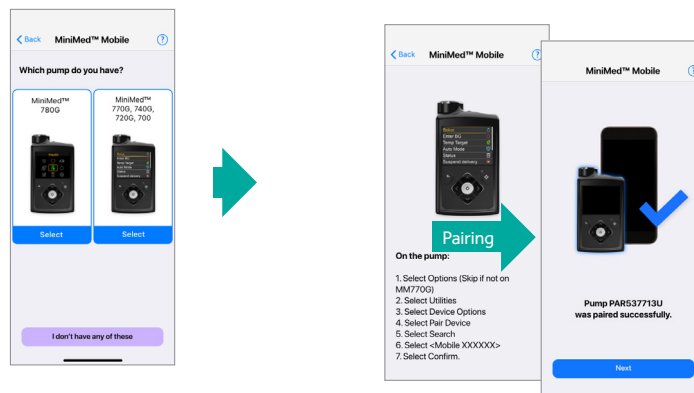

If your pump does not have this symbol, you cannot use this app.
If there is a symbol, continue to the next steps.

3 CareLink™ account

Log in if you already have a CareLink™ account. If not, **Create an Account**. Proceed until logged in.

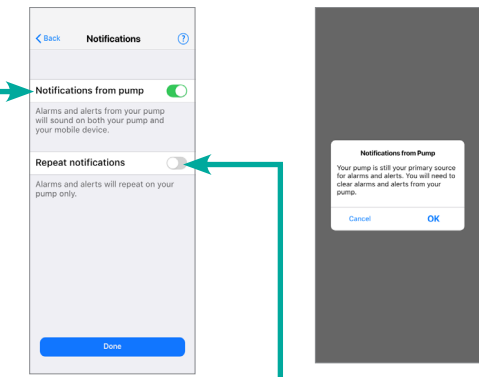

4 Pair your pump to the MiniMed™ Mobile app

Select the pump that you have.
NOTE: If asked, you must allow notifications and make data available.

Follow the steps on the app to setup your pump for pairing.
NOTE: If asked, tap **Pair** on the app when screen appears.

Read and agree to the warning information.

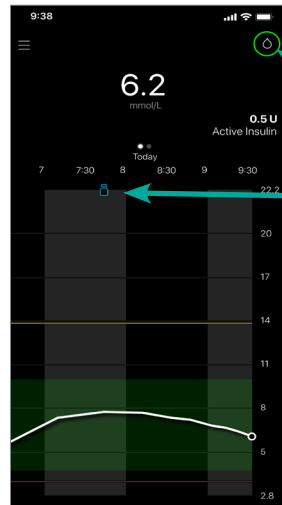

Turn on to receive notifications on both pump and app.
Turn on to repeat every minute until dismissed on app.

NOTE: Notifications must be cleared on pump even if dismissed on app.

MINIMED™ MOBILE APP | QUICK REFERENCE GUIDE

Home screen

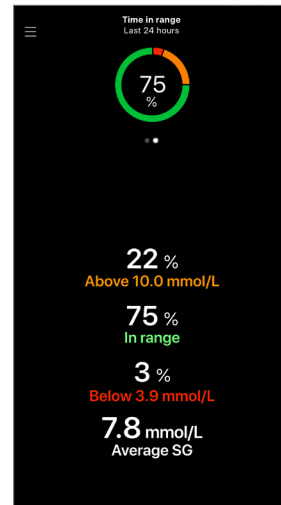

Tap icon for information

Tap icon for event details

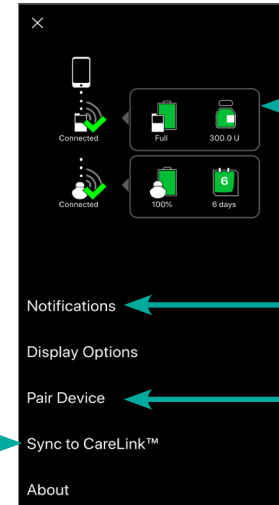

Pinch or stretch the graph to change the amount of time displayed.

Time in range

Swipe left on the upper area of the Home screen.

Tap ☰ for menu

Status: see the status of pump and CGM devices.

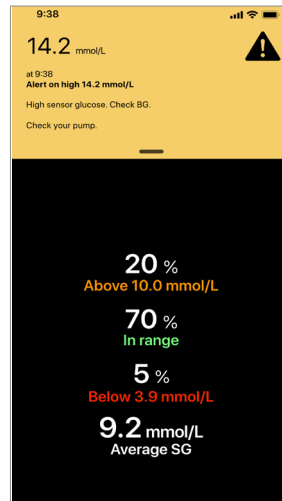

Notifications: use to change settings

Pair Device: use if pump and app need re-paired

Sync to CareLink™: Use **Upload Now** to upload current data for reports.

Use **Manage Care Partners** to approve or remove care partners.

Notifications

Alarms appear in red

Alerts appear in yellow

Reminders appear in grey

Messages appear in blue

Notifications are not being received on app if this appears at the top of the Home screen.

Tap to turn Notifications on.

THINGS TO REMEMBER:

- Alarms, alerts and reminders must always be cleared on the pump, even if they are dismissed on the app.
- Sync to CareLink™** must be on and you must have wi-fi or data coverage for your information to be sent to the CareLink™ Connect app (app for care partner).
- If you have questions, tap ☰ and go to **About**. You will find information on many topics there.
- If a care partner requests to follow you, go to the menu, to **Sync to CareLink** and to **Manage Care Partners** to accept the request.
