## TYPE 2 DIABETES PUMP CONSUMABLES GRANT PROGRAM

### MEDTRONIC DIABETES AUSTRALIA

If you have Type 2 insulin dependent diabetes, you may qualify for the Medtronic Type 2 Insulin Pump Consumables Grant. The Grant was designed to assist with the cost of insulin pump consumables for patients who are not eligible for funding by the National Diabetes Services Scheme (NDSS).

Please also discuss making an application for NDSS funding under category F with your doctor. Making this application is important as it will provide the Government with data needed to be able to review their policies regarding funding for Type 2 patients.

### WHAT IS COVERED UNDER THE MEDTRONIC TYPE 2 GRANT?

Under the Medtronic Type 2 Consumables Grant covers you for the following insulin pump consumables:

- 3ml Insulin Reservoirs (MMT-332A).
